

Requirements Document Marking Sheet

CPSC 319 -- 2004/2005 Term 2

Team: 7 (X gene)

Possible marks for each section:

Amazing	Beyond perfect; vastly exceeds the highest expectations; requires justification from the TA and approval from the instructor.	6
Exceptional	No improvements could be expected; fulfills all expectations.	5
Great	Near perfect, an occasional detail missing or incorrect, but nothing that would lead to a problem at a later stage of development.	4
Good	Some subsections are incomplete or incorrect, but the deficiencies are easy to correct. Nothing is missing; no questions left unanswered. May lead to minor problems later in development.	3
Mediocre	One or more subsections are missing from this section; some questions are left unanswered. In addition, other subsections may be incomplete or incorrect. Deficiencies will lead to significant problems later in development. This section should never be shown to the customer as is.	2
Poor	The only thing that prevents this section from getting a mark of zero is that there is some information here, although not much that is complete, correct, or in any way useful.	1
Missing	The team failed to provide this section.	0
